

**CLAYTON REGENCY, LLC, CLAYTON REGENCY MOBILE HOME PARK,
Contra Costa County**

The Clayton Regency Mobile Home Park is on Marsh Creek Road in rural southeastern Contra Costa County. Domestic wastewater from up to 192 mobile homes is discharged to an on-site package treatment plant that will provide secondary treatment, clarification, and ultraviolet disinfection. Disinfected effluent will be discharged to either of two at-grade leaching mound systems. Two older leachfield trench systems will remain as backup disposal areas during emergencies. Daily influent flows are expected to average 48,000 gpd at full occupancy. The new wastewater treatment system was constructed in compliance with Cleanup and Abatement Order No. R5-2002-0732, which will be rescinded upon adoption of this Order. Surface water drainage is to Marsh Creek.
